Commuter Benefits Program

To help save money on commuting costs and provide a stress-free way for employees to arrive at work on time, 'Maxonic' participates in a Pre-Tax commuter benefit program. With this benefit, all employees who commute to work by public transit (bus, rail, or ferry) or vanpool can pay their fare with pre-tax dollars. The federal tax code allows employees to exclude up to \$300 per month in mass transit or vanpool costs from their taxable income, with an additional \$300 per month separately to qualified parking. In addition to saving money, by commuting to work by transit or vanpool you can avoid traffic congestion and help to protect the environment.

If you wish to enroll in this program, please speak with onboarding@maxonic.com. Please note there is a 30-day timeline to be set up in the system.
